

Scholarships

At our school, we believe in making quality education accessible to all. That's why we are delighted to offer a range of scholarships to support students on their educational journey. In addition to our commitment to accessible education, we proudly extend scholarships to deserving candidates, with awards ranging from 15% to 100%, based on merit and need. Under the banner of Social Justice and Empowerment, we are thrilled to have approximately 25 students in our school who benefit from a remarkable 100% scholarship. For those who have siblings already enrolled at our school, we extend a 15% scholarship, recognizing the importance of fostering a sense of togetherness and community. Additionally, we are proud to award 25% scholarships to students under the Right to Education (RTE) program, in our commitment to ensuring that every child has the opportunity to receive a high-quality education. Furthermore, our support extends to the children of Defense Services personnel, who receive special considerations as a token of our appreciation for their service to the nation. These scholarships reflect our dedication to promoting inclusivity and providing exceptional educational opportunities for all students. We are passionate about helping students achieve their dreams and look forward to welcoming you to our school community.
